

CONTOURS

Catalyst Contours feel natural in your hand with their ergonomic shape and comfort-touch finish. Made of solid nylon.

Contours' multiple edge shapes allow for extensive creativity with cake decorating, food-crafting, ceramic, plaster, and heavy acrylic mediums.

HEAT-RESISTANT • SOLVENT-RESISTANT • DISHWASHER SAFE

CONTOURS & MINI-BLADES

PRINCETON
ARTIST BRUSH CO.™

Catalyst tools now come in Mini-Blades and Contours. Made out of nylon and silicone that is heat-resistant, solvent-resistant, dishwasher safe, and approved food-safe by the FDA.

These great features combined with their new shapes and convenient sizes allow for extensive creativity with cake decorating, food-crafting, ceramic, plaster, and heavy acrylic mediums.

M-01

MINI-BLADES

Catalyst Mini-Blades are indispensable in your creative workflow. Dispense paint. Apply glazes. Dollop frosting. Control chocolate.

Like their larger counterparts, Catalyst Blades, Mini-Blades can be separated from their handles for more thorough cleaning.
